

## Privacy Policy

ANYPON (hereinafter referred to as the "Company") and other related websites have established the following privacy policy (hereinafter referred to as the "Policy") regarding the handling of information including personal information (hereinafter referred to as "User Information") regarding the users of the services provided by ANYPON. This Policy shall apply to all services provided by the Company (the "Services").

### 1. User information to be obtained

We obtain the following as user information

#### (1) Information obtained directly from the user

We obtain the following information from you when you use the Service.

- Name
- Date of birth
- Gender
- E-mail address
- Address
- Service Usage History
- Other information that the Company has specified is to be obtained through the application or website.

#### (2) Information acquired through collaboration with external services

When a user permits linkage with an external service when using the Service, the Company will obtain the following information from said external service.

- IDs used by users for external services
- Other information that the user has authorized to be disclosed to the linked party according to the privacy settings of the external service.

### 2. Purpose of use

We use acquired user information for the purposes set forth below.

- Provision of products and services
- Usage fee billing
- Identification and user authentication

- Distribution of advertisements and confirmation of results
- To provide important notifications such as changes to the Terms of Service.
- To provide information and respond to inquiries regarding this service.
- Other purposes specified in the various services provided by the Company

### **3. Provision of Personal Information to Third Parties**

We will not provide personal information to any third party without the prior consent of the user. However, this does not apply in the following cases, where user information may be provided to a third party.

(1) When providing user information to the operator of an external service for the purpose of linking with the external service or authentication using the external service

(2) When it is necessary for us to cooperate with a national agency, a local government, or an individual or entity entrusted by either a national agency or local government to execute affairs prescribed by law, and obtaining consent from the User is likely to impede the execution of such affairs.

(3) When permitted by other laws and regulations

### **4. Compliance with Laws and Regulations**

We will comply with all laws and regulations regarding the handling of user information.

### **5. security measures**

In order to protect user information, we will take measures to prevent leakage, loss, falsification, or destruction of user information by managing such user information, specifying the method of taking user information out of the site, and preventing unauthorized access by third parties, in accordance with our rules on information security.

### **6. About your request**

If we receive any request from a user for disclosure, correction, deletion, use or provision of his/her personal information in accordance with the provisions of the Personal Information Protection Law, we will respond to such request in good faith.

## 7. Inquiry

If you have any comments, questions, complaints, or other inquiries regarding our privacy policy or the handling of user information, please contact us at the address below.
